Tools & Databases: PostgreSQL, SQLite, Docker, Git, GitHub, VS Code, Postman, ReportLab

FEATURED PROJECTS

Smart Duty CIE Examination System | *React, TypeScript, FastAPI, PostgreSQL/SQLite, ReportLab*
• Engineered an intelligent conflict-aware exam duty allocation engine for MCE Hassan with 60-minute class buffer preservation.
• Automated multi-page institutional circular generation (PDF) and built real-time equity analytics dashboards.

MCE Navigate — Campus Wayfinding & Navigation | *React, Vite, FastAPI, PostgreSQL, Dijkstra*
• Developed an interactive campus wayfinding prototype computing shortest routes across college facilities.
• Integrated a shared TypeScript/FastAPI navigation contract with offline fallback graph datasets.

Startup AI Agent — RAG Knowledge Assistant | *Python, LangChain, ChromaDB, FastAPI*
• Built a conversational RAG chatbot allowing startups to ingest documentation and perform semantic retrieval with citations.

ACHIEVEMENTS & LEADERSHIP

• Department level automated system developer for Malnad College of Engineering.
• Active participant in institutional hackathons and open-source project development.
• Multilingual proficiency: English, Kannada, Hindi.
